

LOHMAN PROVES PINCH PITCHER

Youngster Saves Game After It Looked Rather Blue for Lookouts.

The wisdom of Boehler, of the local clan, came very near putting the game on ice yesterday for Memphis, and but for the good working order of Manager Finn's derelict the game would have been lost before it had progressed beyond the first inning. However, after the young pitcher had walked Allison and Crutcher, the first two up, Manager Finn yanked him and put in Tomlin. The latter pulled out of a hole nicely, but in the third inning pulled the same stunt as his predecessor and Allison and Crutcher were walked again.

Tomlin was then taken out and Lohman was called to the hurling hill. The youngster proved the best pinch pitcher seen so far this season, and although he got himself in some tight places, he pulled out, and finally landed the Lookouts winners by a score of 5 to 4. Memphis also fared badly with Monte Priest, an old-timer, who got himself in the hole right at the start, and he also was quickly yanked and replaced by Sam Ross, who pitched a creditable game. The fielding features of the game were the playing of Bratchi in left for the visitors and Flagstead in right for the locals, and also DeMoe, who played a fast fielding game at short.

The game was started by Allison and Crutcher being walked by Boehler. Tomlin was then sent in to replace Boehler. However, a sacrifice by Carroll and a slashing single by Bratchi scored Allison and Crutcher. The locals, in their half, scored three on hits by Leach and Graf and walks for Flagstead and Graham, which scored Leach. Lohman then singled and Graf and Flagstead scored. The side was then retired without further runs. In the third Memphis tied the score when Allison and Crutcher were again walked and Carroll's single scored Allison. No others scored in this inning, but Tomlin was yanked and Lohman called on. The Lookouts, in their half of the third, again took the lead on Cuto's single and steal and DeMoe's single, on which Cuto scored. Memphis tied the score again in the fifth on Allison's double and Carroll's error triple down the first base line. Chattanooga forged ahead again in its half when Flagstead was walked and Graham was safe on a sacrifice hit. Cuto's sacrifice and DeMoe's single, which scored Flagstead. The score follows:

OGLETHORPE UNIVERSITY BEATS VANDERBILT IN CLOSE GAME

Atlanta, May 2.—In a pitchers' battle between Wingo and Reed and Rains, the Oglethorpe Petrels beat the Vanderbilt Commodores at Poncey Wednesday afternoon by a score of 1 to 0. The game was one of the best ever played here by college teams.

Wingo let Vanderbilt down with four hits, while Oglethorpe was able to get only five off the Vandy twirlers.

INTERNATIONAL LEAGUE HAS ITS BACK TO WALL

New York, May 2.—With their backs to the wall and the national agreement as their chief instrument of defense, the club owners of the New International league were prepared today to fight to a finish to protect territory which the major leagues have planned to invade.

Announcement to the effect that the New York Yankees and the Boston Red Sox were scheduled to play a regular championship game at the old Federal park at Harrison, N. J., next Sunday, left no doubt as to the stand of the major leagues. Harrison, which is a suburb of Newark, is within the zone which comes under protection as international league territory and John H. Farrell, president of the newly-formed league, has already granted the organization protection, as he is the secretary of the National association.

COLLEGE BASEBALL

West Point, N. Y., May 2.—The Army yesterday defeated Cornell in a cold weather game, 4 to 2. Jones, the Army pitcher, was an enigma and was ably supported in the pinches. The cadets drove Needle out of the box in the third.

Leonard Outgrows Division; Low Tandler Next Champion?

(ILL. BIZING IT TO PHILADELPHIA BOYS)

LEW IS ON THE RIGHT ROAD TO THE LIGHTWEIGHT CHAMPIONSHIP

(By Paul Purman.)

When is a champion boxer not a champion? When he can't come close to making the recognized weight in his division. There's the question and the answer and it all hinges around the championship of Benny Leonard, champion lightweight of the world.

The time will soon come when Benny will have to renounce his claims to the lightweight title; not because he isn't a great fighter, not because he isn't popular, but because a few months in army camps has piled weight on the Eastsider until now, instead of being a lightweight, he is a heavy welterweight.

Benny hasn't boxed much lately. Recently in a six-round bout at Philadelphia he went into the ring at catchweights. Experts at the ringside estimated his weight all the way from 145 to 155 pounds.

One thing was certain, Benny showed the minute he dropped his bathrobe that he is no longer a lightweight and that he can no longer make 135 pounds ringside, 2 o'clock or any other time. Sooner or later he will be forced to renounce his title in favor of some other good boy who can make weight.

All this sounds strange when it is considered that Benny won his title at 135 pounds and even made 135 pounds for Johnny Kilbane. But Benny is young and is of the type that take on height and weight at 21 and 22. Right now Leonard would have a hard time making the welterweight limit of 145 ringside.

This brings up the question of Benny's successor, and the most promising candidate for the honors right now is Low Tandler, the Philadelphia southpaw.

Tandler is one of the toughest boys in the division. He boxes with his right hand and foot extended, which is puzzling to boxers not used to this style of fighting.

In action he appears awkward, but he gets around the ring with surprising agility. He hits quickly and his blows carry a world of power.

That Tandler has become a great lightweight is more or less accidental. A few years ago he was a newsboy around Philadelphia. Now and then he would get into one of the numerous six-round bouts featured in that city. He liked boxing and boxed a little at a newsboys' club and one night filled in for a preliminary boy who didn't show up. His showing was so good that he got on in other preliminaries and soon became a favorite in Philadelphia and was given a trial in main shows.

Right now Tandler is among the top-notchers in his class.

number of ball clubs which vie with the Japanese college teams for the championship of the island kingdom.

In Japan this is regarded as the first move of the Japs to change their national sport from wrestling to baseball and it is meeting favor with hundreds of thousands of natives.

One of the really famous teams is the Tokio westerners' nine, every member of which is as well known in Japan as Strangler Lewis or Earl Caddox are in America. One member of the nine has declared that next to being the champion wrestler of Japan he would rather be the best baseball player in Nippon, which is some statement coming from a Japanese wrestler.

They have a baseball league of college teams in Japan, including Waseda university, Tokio university, Keio university and Kyoto university. The two first mentioned have toured the United States and have given some good American clubs a race for their money.

The Dodgers are upholding their claim of priority to the cellar position. Pat Ragan, of the Braves, persuaded them to do so yesterday.

Matty may yet accept the invitation to go to France to teach our soldiers baseball and organize their teams.

"MIQUE" FINN'S CLAN TO MEET KID'S TRIBE

Mighty Diamond Battle Staged for Andrews Field This Afternoon.

Kid Elberfeld and his terrific hitting tribe of Arkansans will clash with the locals today on Andrews field, and owing to the fact that the game decides the leadership of the league a large crowd is expected out. Both Manager Finn and Manager Elberfeld, of Little Rock, are anxious to take the series, as it will decide the early leader of the league. The scrappy Little Rock manager will probably be seen most of the time on the coaching line in an effort to take the series from the team from his own home town.

The Travelers have only lost three games this season and are only a half a game ahead of the Lookouts at present. If the local clan should win this afternoon they will go a half game ahead of the Travelers. Manager Finn last night received a wire from President W. W. Baugh, president of the Southern league, who said that he would be in Chattanooga Thursday. He will be a guest of President Cantrell, of the local club, Thursday afternoon on Andrews field. Rube Marshall will probably do the twirling for the locals, while Manager Elberfeld has not announced as yet his choice.

A large crowd is expected to witness the game, which will be called promptly at 4 o'clock.

SCOREBOARD REFLECTIONS.

THE SPASH.
 There was a tall pitcher named Love, who had an unpaired glove. This bird was so tall that when he pitched a ball it descended from "way up above."

Another pill flogger named James in the minors had won many games. But in the big show he was hit to and fro. And they yanked him out after two frames.

Al Mannaux left the Dodgers today to join the national army.

No one has had the temerity to interview Col. Ebbetts.

George Sieler's sizzling hit in the tenth inning gave the Browns victory over the Tigers.

Fred Merkle slammed out a home run which made it possible for the Cubs to beat Pittsburgh.

Walter Johnson is still a pretty good pitcher. He shut out the Red Sox with four hits.

Eddie Cicotte failed to fatten his pitching average at Cleveland yesterday.

Roger Hornsby's double in the fourth, scoring Baird, and his triple in the tenth, coupled with Crouse's sacrifice fly, gave the Cardinals Wednesday's game with Cincinnati.

The Dodgers are upholding their claim of priority to the cellar position. Pat Ragan, of the Braves, persuaded them to do so yesterday.

Matty may yet accept the invitation to go to France to teach our soldiers baseball and organize their teams.

Carey RUBBER ROOFING

Is a Big Value

To begin with, the price per square foot is low

ADD the fact that it costs less to lay than other kinds of roofing. Now add the fact that it is made of extra heavy wool felt, thoroughly saturated and coated with Gilsolite Asphalt, a perfect water-proofing material. Then a layer of crushed slate, or other mineral material is pressed in to the surface.

Fire underwriters place it in the Class guaranteeing low insurance. Your neighbors have proved that it lasts for decades.

Forty years of Carey manufacturing experience is behind it. Their long established reputation and our reputation is behind it.

Let us show you the various styles. Latite (red or green slate surface), Asbestos Top, Pebble Top, Mica-Kote, Premium (sanded surface), Philco, and Manhattan.
